

Trimming Tools

Special 115mm and 125mm tools for angle grinders. The tools work in wood, aluminium, PVC and similar materials. Their special shape and carbide teeth reduce vibration and stress on angle grinders.

Trimming Tools

**DANISH TOOL
PRODUCTIONS**

GREEN LABEL

For all types of wood. The tool's large holes act as inspection ports while working. The large carbide teeth cut nails and screws.

Size

100mm dia. with 6 teeth
125mm dia. with 6 teeth

BLACK LABEL

For cutting synthetic materials such as rigid PVC, glass polyester and fibre-glas, as well as aluminum and other heat sensitive materials. The tool design gives a cooling effect on the area being worked.

Size

100mm dia. with 6 teeth
125mm dia. with 6 teeth
